

**911 SafeChild encrypts data with 256-bit encryption behind a secure website. We take cyber security seriously!**

Because the purpose of 911 SafeChild™ is to keep your child safe, we take Internet security seriously. Not only will you be entering data on a secure website, the data itself is 256-bit encrypted – twice the HIPAA standard for online medical records.

In addition, no one can access your child's data unless they have the email, password and two-way authentication. The safety of your child's data is a top concern of 911 SafeChild™.

**Think of all of the things that you do to protect your family:**

- ◆ An alarm system to stave off burglary and warn the household of fire
- ◆ Life insurance, homeowners insurance, auto insurance
- ◆ Identity theft protection and credit card monitoring

**Isn't your child's safety worth \$24.95 per year?**

**Keeping your kids safe is more important than your house, your valuables, your credit cards.**

**OMG!  
I thought you knew where our child was!**

**You want to believe that abduction can never happen to your family. Become proactive with 911SafeChild Software.**

With 911SafeChild™, parents take an active interest in their child's life. Parents show their concern by keeping track of important information in their child's life:

1. Names and phone numbers of their friends
2. Regularly scheduled activities
3. Social media networks
4. School information and activities
5. Medical problems, medications and allergies
6. Identifying marks
7. People allowed to pick up child

## Missing Child Report

Unless you chain your kid to you, you cannot totally prevent an abduction or kidnapping scenario. We all know that a necessary part of childhood is exploring independence and making decisions on your own. You don't want to deprive your child of a normal childhood! So what can you do as a parent?

911SafeChild™ offers an online software program that allows you to keep track of your child's activities and in the worst case scenario, provide an immediate missing child report to law enforcement authorities. Partial report below:

Friends		
<b>Bob Payne</b> 98 W. 89A Apartment 204 Sedona, CO 86336 USA	Phone: 928-203-3498	Mobile: 928-274-5321

Languages: English,

LAST SEEN

Location: at school  
Wearing: red T-shirt, blue jeans, blue jacket

Child has Diabetes.

**CALL 911** IF YOU SEE THIS CHILD

**QR Code**

Once you input your child's information, you can print a report of all of the data that you have entered. Notice that the missing child report contains a QR code.

A QR code reader is available free from iTunes. With a QR code reader, law enforcement authorities can load an abbreviated copy of the report and canvass the neighborhood where the child disappeared. "Have you seen this child?"
